

Biodiversity in National Parks

Observations

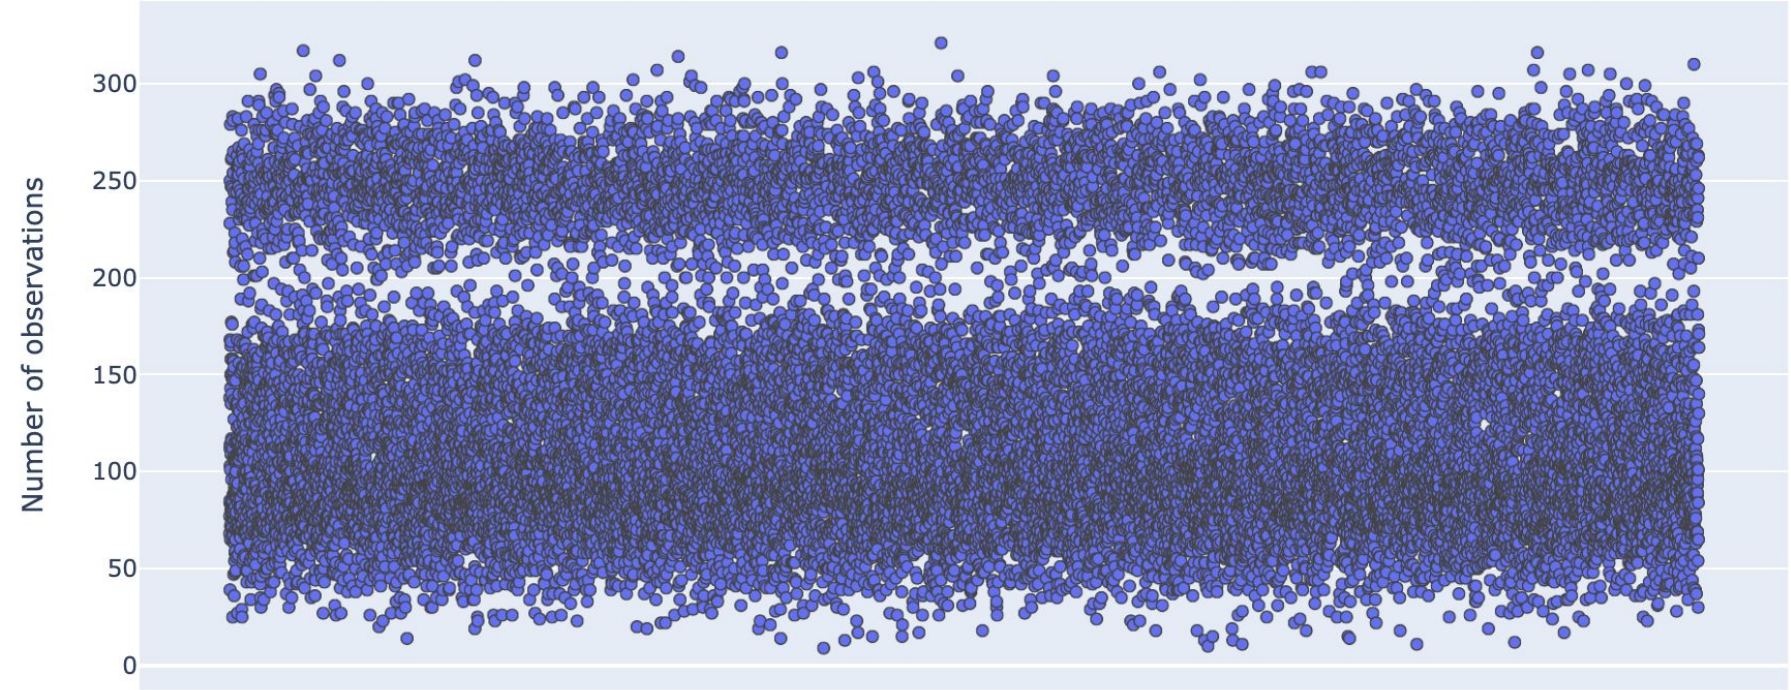

Below is a table of the first 10 results of the Observations dataset.

scientific_name	park_name	observations
Vicia benghalensis	Great Smoky Mountains National Park	68
Neovison vison	Great Smoky Mountains National Park	77
Prunus subcordata	Yosemite National Park	138
Abutilon theophrasti	Bryce National Park	84
Githopsis specularioides	Great Smoky Mountains National Park	85
Elymus virginicus var. virginicus	Yosemite National Park	112
Spizella pusilla	Yellowstone National Park	228
Elymus multisetus	Great Smoky Mountains National Park	39
Lysimachia quadrifolia	Yosemite National Park	168

Species

Below is a table of the first 10 results of the Species dataset.

category	scientific_name	common_names	conservation_status
Mammal	Clethrionomys gapperi gapperi	Gapper's Red-Backed Vole	null
Mammal	Bos bison	American Bison, Bison	null
Mammal	Bos taurus	Aurochs, Aurochs, Domestic Cattle (Feral), Domesticated Cattle	null
Mammal	Ovis aries	Domestic Sheep, Mouflon, Red Sheep, Sheep (Feral)	null
Mammal	Cervus elaphus	Wapiti Or Elk	null
Mammal	Odocoileus virginianus	White-Tailed Deer	null
Mammal	Sus scrofa	Feral Hog, Wild Pig	null
Mammal	Canis latrans	Coyote	Species of Concern
Mammal	Canis lupus	Gray Wolf	Endangered
Mammal	Canis rufus	Red Wolf	Endangered
